

eciService

eciService provides customers with single-source inspection, maintenance and emergency repair services, commercial insurance restorations, construction services for renovations and alterations, and specialized construction services.

source for service.

Service and Maintenance Programs

As a full-service contractor, we can coordinate all your service and repair needs – including all applicable trades – to maximize your facility’s useful lifecycle while minimizing downtime and disruption.

- Facilities inspection and maintenance
- Comprehensive service and repair
- Reliable emergency response – 24 hours a day, seven days a week

Inspection, maintenance and repair programs are custom-designed to fit each customer’s specific requirements – and agreements require you pay only for services you receive. eciService offers programs for all types of commercial, industrial and institutional buildings.

Commercial Insurance Restorations

When damage occurs – caused by fire and smoke, storm or water – our reliable, efficient emergency service is available 24 hours a day, seven days week...typically within a two-hour response time.

We’ll assess the damage and take immediate steps to prevent any further loss. We’ll inventory all contents and provide emergency pack-out to a safe, secure location for temporary storage until repairs and restoration are completed. Our crews will carry out a detailed assessment of the damage and establish a realistic estimated budget for restoration. eciService will work with both the insured and the insurer to facilitate a prompt and mutually agreeable settlement. We’ll prioritize repairs to minimize business interruption and restore productivity as rapidly as possible. And we’ll carry out a complete, responsive, quality restoration – from repairs and cleaning to demolition and reconstruction, including soot and smoke removal, water extraction and dehumidification, deodorization, mold and corrosion control...and any other services that may be necessary to restore the damaged property to its pre-loss condition.

Bloomsburg USPS, Bloomsburg, PA
The project consists of removing exterior wood trims from the entire building and replacing the trim with “Fypon” material.

ABC27 News Studio
York Galleria Mall, York, PA
This new facility houses offices, an equipment room, and a large studio area which is being utilized for shooting TV news and special events in the York area.

“ Our buildings are currently being inspected and maintained by eciService “PRIORITY 24.” They are one of the most professional general contractors we have dealt with. Our projects have been handled by eciService with genuine care and concern. It truly has been a pleasure working with their entire team!”

Thomas E. Kampel
President / CEO
Kampel Enterprises, Inc.

Construction Services

In addition to its contracted service, maintenance and repair programs, eciService provides comprehensive general contracting and construction management services for projects that don't require the full resources of eciConstruction.

All service, repair, restoration and construction programs are custom-designed to meet each customer's requirements.

So you get all the services you want...and even the smallest customer gets the same quality as the largest.

We provide all the services for Waypoint Bank's expansions and retrofits. From modifications of general work areas, to completion of the Corporate Offices that included specialty casework, we completed all the projects on time and within budget.

Waypoint
BANK
COMMERCIAL BANKING GROUP

“They performed

- Office space reconfiguration
- Retail-location and chain restaurant tenant improvements
- Renovation projects, alterations and additions

The eciService Advantage

Single-source responsibility means there's only one call required to deal with a repair, an insurance restoration or a construction project – even if the solution requires more than one trade.

at the highest level at all times. Some companies talk about service very freely; very few perform service at the level of eciService.”

Richard C. Arcuri
